NOTICE TO SHAREHOLDERS OF THE SUB-FUND
SPARINVEST SICAV - EMERGING MARKETS CORPORATE VALUE BONDS

Luxembourg, 7 March 2018

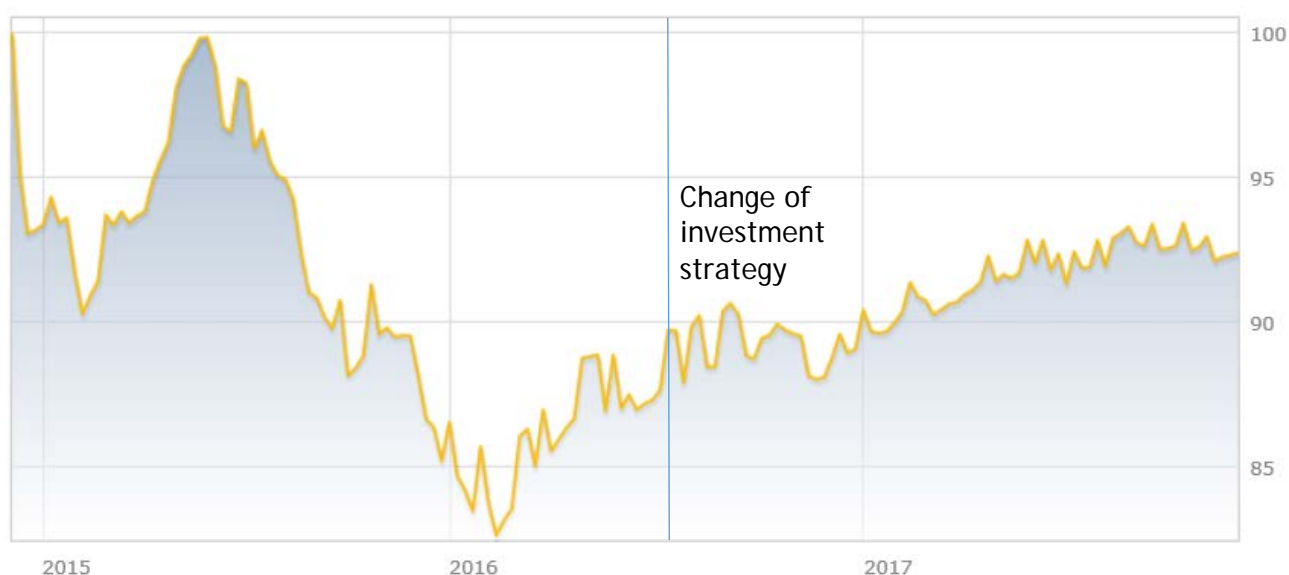

Dear Shareholder,

The board of directors of the Company (the "Board") has decided to merge the sub-fund SPARINVEST SICAV - EMERGING MARKETS CORPORATE VALUE BONDS (the "Merging Sub-Fund") into the sub-fund SPARINVEST SICAV - VALUE BONDS - EMERGING MARKETS CORPORATES (the "Receiving Sub-Fund"), as this is considered to be in the best interest of the shareholders.

During the period 2015 to 2016, the Merging Sub-Fund experienced performance difficulties due to a combination of high concentration risk towards specific regions/sectors and very low market liquidity. In 2015, a new investment team was established, and they have since been working on improving the investment processes and implementing a revised risk framework with the aim of having a risk/return profile more aligned with the broader market. The revised investment strategy was finally implemented in June 2016. In order to avoid any misinterpretations of historical performance and the revised investment strategy, the Receiving Sub-Fund was launched.

Instead of liquidating the Merging Sub-Fund, the Board decided to merge it with the newly launched Receiving Sub-Fund having the same overall investment strategy so that investors can continue their shareholdings in the Receiving Sub-Fund. The Merging Sub-Fund's past performance reflects that the revised investment strategy has resulted in improved performance, both in absolute and relative terms. The Board is of the view that the Receiving Sub-Fund will continue on the same track.

The Fund invests in contingent convertibles (less than 10% of the total net assets) and may hold financial instruments other than bonds (i.e. equities and equity-like securities) acquired in the context of the restructuring of an issuing company or another corporate event. There is no limitation in terms of rating or currency of investments.	The Fund may, to a limited extent, invest in non-rated bonds, contingent convertibles (less than 10% of the total net assets) and/or in liquid assets and/or in regularly traded money market instruments. The Fund may hold financial instruments other than bonds (i.e. equities and equity-like securities) acquired in the context of the restructuring of an issuing company or another corporate event.

Language that is the same in both sub-funds

The Fund invests over the long term at least 2/3 of its total net assets in emerging markets high yield corporate bonds and/or investment grade corporate bonds rated Baa3/BBB- or better.
The strategy focuses primarily on bonds issued by companies with strong balance sheets that offers an attractive yield due to mispricing by the market. In addition and to a smaller extent, the strategy focuses on generating excess return from investing in either smaller issues or issuers and from investing in bonds the markets finds less attractive.
The Fund normally uses currency derivatives to protect the portfolio against currency fluctuations.
As an investor in this Fund you get diversification and professional management of your investments. Sparinvest monitors your investments for you.
